VIJIYARAGAVAN V

B.E. Computer Science and Engineering (Internet of Things) Undergraduate
Tamil Nadu, India | +91 7604906429 | vijiyaragavan26@gmail.com | LinkedIn | GitHub

RESEARCH INTERESTS & OBJECTIVES

Self-driven 2nd year computer science and engineering (IoT) undergraduate with a CGPA of 8.70/10, seeking a two-month research internship to gain hands-on research experience and deepen my foundations in computer science. My interests include algorithms, web technologies, artificial intelligence, and IoT, particularly their application to intelligent transport-tracking systems for rural and underserved communities. I am eager to contribute to ongoing research while exploring new areas aligned with the host laboratory's expertise.

EDUCATION

Sengunthar Engineering College, Erode, Tamil Nadu, India **2026 – Present**
B.E. Computer Science and Engineering (IoT) | CGPA: 8.70/10 (2nd year)
- Admitted through the Tamil Nadu Government School Students 7.5% Reservation Scheme, with educational expenses supported by the Government of Tamilnadu.

Government boys Higher Secondary School, Kadathur, Tamil Nadu, India **2021 – 2024**
- Class XII: 493/600 (82.2%) | Class X: 444/500 (88.8%)

TECHNICAL SKILLS

- **Programming Languages:** C, Python, HTML5, CSS3
- **Developer Tools:** Git, GitHub, VS Code
- **Core Concepts:** Data Structures and Algorithms, Computer Networks, DBMS, Operating Systems
- **Currently learning:** JavaScript, React.js, MERN Stack, MySQL

COMPUTER SCIENCE COURSEWORK & ACADEMIC PREPARATION

- **NPTEL Coursework**: Data Structures and Algorithms, DBMS, Computer networks, Introduction to C, Industry 4.0 and Industrial IoT.
- **GATE (CS & IT) preparation:** Self-studying core CS subjects including Operating Systems, Computer Architecture, and Theory of Computation, Engineering Mathematics and Aptitude.

TECHNICAL PROJECTS & PRACTICAL WORK

VR Headsets Website | HTML5, CSS3
- Designed a responsive multi-section landing page with navigation, hero, product, promotional, newsletter and footer sections.
- Applied HTML page structure and CSS styling, image sizing, alignment and layout techniques; documented the learning process on LinkedIn.

Grocery Management System | Python, Database
- Built a grocery management application in Python with database integration as part of practical programming work.

Docx Automated Generator| Python, Python–docx
- Applied Python practical coursework to generate a formatted Microsoft Word CV using the python-docx library.

Hospital Patient Registration System | Java
- Developed a hospital patient registration system in Java as a team project for the Object Oriented Programming course (23CS302).

TECHNICAL TRAINING & WORKSHOPS

AI Bootcamp – IntelliPaat (Online) **Oct 2026**
- Participated in an online AI Bootcamp conducted by IntelliPaat on 15 October 2026.

FORGEXAI 2026 National Level 24 Hours Hackathon – Erode Sengunthar Engineering College **Sep 2026**
- Participated in a 24-hour national-level hackathon organized by the Department of Artificial Intelligence and Data Science (22–23 September 2026).

Viksit Bharat Young Leaders Dialogue (VBYLD) 2027 Online Quiz – MY Bharat **Sep 2026**
- Participated in the online quiz conducted on MYBharat by the Ministry of Youth Affairs & Sports.

Certified Wi-Fi Pentesting 101 – CappricioSec University (Online) **Sep 2026**
- Completed training on wireless network attacks (deauth, spam and captive portal), covering practical and theoretical aspects.

Claude Code 101 & Claude Code in Action – Claude Academy (Online) **Aug 2026**
- Earned course completion badges for Claude Code 101 and Claude Code in Action.

Introduction to Artificial Intelligence – Simplilearn SkillUp (Online) **Aug 2026**
- Completed the introductory online course on Artificial Intelligence.

Google AI Essentials Specialization – Google via Coursera (Online) **Aug 2026**
- Completed five Google-developed courses on AI fundamentals, productivity with AI tools, prompting and responsible AI use.

Introduction to Programming in C – NPTEL, IIT Kanpur (Online) **Jul – Sep 2026**
- Completed the 8-week NPTEL course with a proctored certification exam; 3 credits recommended.

Cybersecurity & Ethical Hacking – CappricioSec University (Online) **Apr 2026**

• Completed 42 hours of practical and theoretical training, gaining introductory exposure to cybersecurity and ethical-hacking concepts and tools.

Full Stack Development using MERN – Kongu Engineering College **Mar 2026**

• Participated in hands-on training in full-stack development using the MERN stack.

ANRF – Sponsored National Seminar – Erode Sengunthar Engineering College **Mar 2026**

• Participated in a two-day seminar on mathematical structure, algorithms and resolving sets in sparse graphs.

Introduction to Generative AI Studio – Google Cloud course via Simplilearn SkillUp (Online) **Dec 2025**

• Completed introductory coursework on Generative AI Studio; course completion, not an official Google Cloud certification.

HTML with AI – Unstop (Online)

• Completed the online course HTML with AI provided by Unstop.

ADDITIONAL ACHIEVEMENTS

Languages: Tamil (Native); English (Intermediate)

Tamilnadu Government Technical Examination: Junior Grade Typewriting English (30 WPM) – First Class with Distinction **Aug 2025**

Chess: ELO Rating 1373
